Comments: Great assignment. It was the 635th Radar Squadron when I was there. I was at 24th Air Division at Malmstrom AFB, Montana when NORAD asked for volunteers to reopen radar sites in the Southern Air Defense System, I volunteered and lett Malmstrom 31 Oct 72. I had a great supervisor (Capt Johannes Van Ooyen) and had met the commander (Major John C. Mueller) when I was at my second remote (Kume Jima, Okinawa) in 1966 or 1967. He came to the site to inspect Radar Operations. One day I talked with the First Sergeant (SMSgt Hudson) and told him I had long wanted to attend the NCO Academy. SMSgt Hudson called the ADC NCO Academy at Tyndall AFB, Florida and got me a slot. I was separated from my first wife when I arrived at Dauphin Island and had filed for divorce while at Malmstrom in April 1972. There were no barracks for single/separated personnel and the first month or so we used the old base housing which was then Coast Guard recreational housing. I next moved in an apartment in Mobile for about two months and finally we were authorized housing on the old Brookley Field in Mobile. It was great because they put three guys in a three bedroom fully furnished house. One of the guys who shared the house with me was from Fort Walton Beach, Florida and he went home every weekend and holidays. The other guy was from Louisiana and he went home almost every three days break he had. I often had the house to myself. Montana threw my divorce out because I was not a resident and was no longer stationed there. I went to Pensacola, Florida in July 1973 and filed for divorce because I was a Florida resident. I left Dauphin Island on 1 Jan 1974 and started the NCO Academy the next day. I graduated from the NCO Academy on the night of 14 Feb 74. I got up at five the next morning and drove to Pensacola, and went to court, and the judge granted my divorce. I was a very happy young man.

| Comments: | If I could have stayed on The Island, I would have been in the USAF for 20 years. After my time in the Phillipines, Thailand and Viet Nam, in September of 1965 I knew I wanted out of the Air Force. so I did not sign up again. I then went to work for Braniff International Airlines. | | | |
